## STATEMENT OF OBJECTS AND REASONS

Coking coal is essential for the production of iron and steel but the resources thereof are severely limited and consequently careful conservation of such resources is required in the long term interest of the steel industry. Such conservation can be achieved only by ensuring scientific development and efficient conduct of operations in each coalfield and by employing proper techniques of mining. Efforts were made in the past to rationalise and coordinate the development and mining of coking coal but these efforts did not succeed. It had, therefore, become urgently necessary to assume, in the public interest, complete responsibility for the reorganisation and reconstruction of the coking coal industry and the connected coke production so that adequate supplies of coal and coke may be ensured to meet the growing requirements of the steel industry. The Central Government, therefore, decided to nationalise the coking coal mines and coke oven plants as early as possible. As it was found that such nationalisation would take a long time to be effected, the management of 214 coking coal mines and 12 coke oven plants was taken over by the Government, pending nationalisation of such mines and plants, under the Coking Coal Mines (Emergency Provisions) Act, 1971 (No. 64 of 1971). The present Bill seeks to complete the process of nationalisation of the coking coal mines and coke oven plants by providing for the acquisition of the right, title and interest of the owners thereof.

4. **MEMORANDUM REGARDING DELEGATED LEGISLATION**

Clause 34 of the Bill empowers the Central Government to make rules to carry out the provisions of the Bill. Such rules may provide for matters, such as—

(c) the form and manner in which the statement of accounts referred to in clause 22 of the Bill shall be prepared.

2. The matters in respect of which such rules may be made are generally matters of procedure and administrative details and it is not practicable to provide for them in the Bill itself. The delegation of the legislative power is, therefore, of a normal character.
